

M.S. in Health and Kinesiology Southeastern Louisiana University

Internships

**Kinesiology and
Health Studies**

SOUTHEASTERN LOUISIANA UNIVERSITY

An internship can be an important component of training in any field. The concentration in Sport Management includes an internship as a required course, and students completing the other concentrations may elect to take the internship course as an elective.

- The graduate internship course is a 3-hour course during which students complete at least 160 hours at the site.
- The department has established internship agreements with various sites in the region.
- Students may select an established internship site, or request a new site that has desired features/experiences.

Below is a sample list of established internship sites:
