

## **Graduating Class Profile Academic Year 2015-2016**

### **Executive Summary**

Each summer, the Office of Institutional Research prepares the Graduating Class Profile Report. This year's report contains information on the 2015-2016 academic year graduates. Basic demographics are included as well as information on how long the graduates have attended Southeastern and from which institutions students last transferred.

During the 2015-2016 academic year, Southeastern conferred a total of 2,197 degrees, a decrease of 122 (5.3%) degrees from the 2014-2015 academic year. Sixty-five percent (65%) of baccalaureate degree recipients are White, Non-Hispanic, while sixty-two percent (62%) are female.

Some highlights include:

- Twenty-three percent (23%) of the graduates who were classified as Beginning Freshmen graduated within four years. This is the same rate as 2014-2015 graduating class.
- For transfer students, Southeastern's leading feeder school is Baton Rouge Community College followed by Delgado Community College, Louisiana State University – Baton Rouge, River Parishes Community College, University of Louisiana-Lafayette, University of New Orleans, Nicholls State University, Northwestern State University, and Southwest Mississippi Community College.
