- ¹ If your English ACT is 17 or less, take ENGL 92 instead. If it is greater than 28, ask an advisor about alternative courses.
- ² You may choose HIST 102, 201, or 202 instead (or 102H, 201H, or 202H for honors students).
- ³ A composite ACT of 24 or more is required to prequalify for honors courses. If yours is lower, you should take ENGL 101 instead of ENGL 121H, and remove the H from any history course numbers.
- ⁴ This course may not count toward your degree, but it will count toward your class load and will allow you to do some Computer Science your first semester, and give you extra preparation for later courses.
